Dear Board of Trustees THST,

A huge **Thank You** to all of THST for the continued support and raising funds in aid of the work studio 306 collective is doing in the community.

As we face the daunting challenges of Covid-19, your support will help us to develop our work and continually grow in aiding mental health recovery through creativity. Enabling individuals have a sense of belonging and reduce loneliness/self isolation. Weekly we have kept in touch with our makers/volunteers to check their wellbeing whilst encouraging them to pop in briefly to take make at home projects which they collect at the door. We make sure to keep in line with health & safety guidelines/regulations.

The silver lining for us is that we were able to make videos in our four disciplines which can be easily accessed on our you tube page and local haringey council website. Our make your own face mask at home video is very popular. We have started making mask and sold a few via Social media such as Instagram with increased followers whilst making new contacts too. We equally participated in the haringey local authority wear a mask and keep safe campaign video.

Your donation is greatly appreciated and will help to susutain the work of studio 306 Collective.

Sincere regards,

A handwritten signature in black ink that reads "Stephen".
