---

Name:	<b>Stephen Cavalier</b>	
Membership no:	#T16485	
Proposers:	Katrina Law	T17268
	Martin Cloake	T17306

---

### PERSONAL STATEMENT

I've been a regular at the Lane since the mid '80s and a season ticket holder since the mid '90s, travelling to several away games a season. I recently retired as head of the country's largest workers' rights, health & safety and social justice law firm.

THST does great work advancing and advocating the cause of Spurs fans and has won notable victories on ticketing, access and the Club's response to COVID-19. I have been pleased to help THST informally in the past and am keen to make a fuller contribution to the work of the Trust.

I have a particular interest in governance, safety, match scheduling, travel and transport, pricing and fair access for fans. The safe and structured return of fans to stadia on a fair basis is a priority for all.

I have many years' experience of running a large organisation and operating at board level. I am an active campaigner and trade unionist. I have worked with and lobbied senior politicians and civil servants and I have received awards from Hope Not Hate and Show Racism the Card for campaigning on anti-racist issues.
